DCP Midstream, LP

Docket No. CP15-20-000

Notice of Request under Blanket Authorization

Take notice that on December 1, 2014, DCP Midstream, LP (DCP), 370 17th Street, Suite 2500, Denver, Colorado 80202, filed in Docket No. CP15-20-000, a prior notice request pursuant to sections 157.205, 157.210, and 157.216 of the Commission's regulations under the Natural Gas Act (NGA) as amended, requesting authorization to modify its Lucerne Residue Pipeline. Specifically, DCP proposes to: (i) abandon 1.3 miles of 16-inch diameter pipeline from interstate transmission to non-jurisdictional gathering (16-inch Pipeline); (ii) acquire 1.3 miles of 10-inch diameter non-jurisdictional gathering pipeline for use as interstate transmission (10-inch Pipeline); and (iii) to connect the 10-inch Pipeline to the Lucerne Residue Pipeline (collectively, the Project). DCP asserts that Project will provide necessary capacity to DCP's non-jurisdictional gathering system that delivers gas from the Niobrara Shale to DCP's Lucerne Plants without impacting the certificated capacity of the Lucerne Residue Pipeline. DCP estimates the cost of the Project to be approximately \$300,000, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document.
